**DECLARATION OF NO SOLID WOOD PACKAGING MATERIAL**

(Manufacturer's Certificate)

We, Sky-Lite Holland BV, as producer of Technocase packaging containers declare that our products do not contain solid wood.

The containers are made of HPL coated plywood. The veneers are dried to a moisture content of less

than 5 % and bonded in the hot press at a temperature of 130°C. Due to this manufacturing process, plywood do not contain any insects or wasps.

Sky-Lite containers fulfil ISPM15 requirements by IPPC-Standard. The key features of ISPM 15 define about packaging containers made of plywood that a phytosanitary certificate or IPPC mark are not required.
